Dear Mr. and Mrs. Pipkorn and members of your BMW Club:

Today, children are aware of the big-picture global environmental challenges, but their physical contact, their intimacy with nature, is fading. Our constantly developing culture is overwhelmed with new technologies, new priorities and new problems. Opportunities to get away from these challenges are not always available to all children.

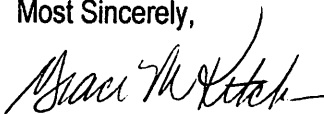

Fortunately, camp can help children overcome this change in culture. In 2017, over 14 million children will engage in the camp experience at one of the estimated 14,000 camps in the United States. Camp Daggett is one of these and has been providing this opportunity to connect youth with nature for over 92 years. At camp, children will smell the fragrance of a natural forest, delight in catching a fish, hear the crackling of firewood and taste a campfire meal, all while learning new skills and perhaps most importantly learning to get along with others.

We have much to be thankful for here at Camp Daggett. At the top of our list are our donors and friends who have become an integral part of our ongoing effort to make a difference in the lives of children. As we begin the 2017 season we look forward to the many children that will experience an amazing week during the eight weeks of summer camp this year and the students that will be able to participate in the programs through the Camp Daggett Adventure Center (CDAC) throughout the year. Camp Daggett will reach well over 1,000 children just with the summer camp program!

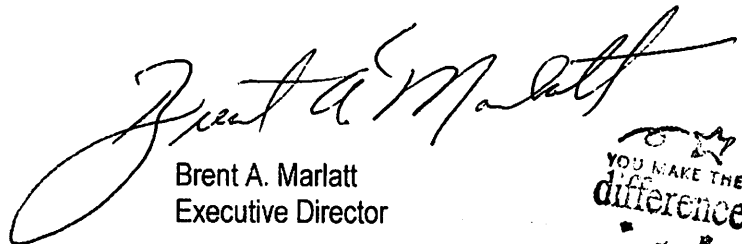

The gift of \$909.00 collected at your event here in Petoskey for the special camp for the visually impaired will help Camp Daggett provide quality experiences for these young people that might not otherwise have the opportunity. We are so grateful for your support.

Your support is critical to the ongoing efforts to support this population and we thank you for your involvement in helping ensure that Camp Daggett and the programs we offer will be here to benefit future generations of youth.

Most Sincerely,
